Report of Director and School Improvement Council

During the 2008-2009, we celebrated 35 years of excellence at Heyward Career and Technology Center. We are proud to serve seven high schools in Richland County School District One, where we provide experiences that will enhance students' opportunities for a successful future. Our parents, staff, advisory committees, and School Improvement Council work diligently to make Heyward a great place to learn and grow.

Heyward offers 24 career and technical programs in the areas of Business Management and Information Technology, Engineering and Industrial Technology, and Health and Human Services. Richland One Works (ROW), a school-based enterprise, offers work-based experiences and provides transition services for students throughout the district.

Heyward is proud to be recognized as a Palmetto Gold Award recipient for the past seven years. The following courses provide state and/or national certifications which allow students to receive career-related credentials: Advanced CISCO Networking, Advanced Computer Repair, Advanced Health Science, Automotive Technology, Barbering, Cosmetology, Culinary Arts, Nail Technology, Pharmacology, Residential Construction, and Welding. Additionally, students are able to receive certification in CPR and OSHA. Four of our courses are offered for honors credit: Advanced CISCO Networking, Advanced Computer Repair, Advanced Health Science, and Advanced Sports Medicine.

Heyward has five student organizations that encourage students to excel outside the classroom. We had record numbers of students to join SkillsUSA and HOSA. We had first-, second-, and third-place winners in the state competitions for DECA, FCCLA, HOSA, and SkillsUSA. We hosted the regional SkillsUSA fall leadership conference in the fall of 2008.

In 2008-2009, we provided numerous opportunities for students to interact with their parents, business partners, and the community through career fairs, a Fashion Extravaganza, and "Parents as Partners." We also had a large number of students who participated in extended learning opportunities such as shadowing, cooperative work experiences, guest speakers, and field studies. Our culminating event was the Heyward Extravaganza where we celebrated our 35th anniversary.

We are proud of our staff members who hold certifications in their respective career fields. We also have several staff members who are pursuing post-secondary and graduate degrees in a variety of areas. Additionally, three teachers earned National Board certification.

In 2008-2009, we became a "Career and Technology Center That Works" through the Southern Region Educational Board, which has provided valuable resources toward continuous improvement.
